

TRV30B

PRESENTATION

Volume controller with by-pass function, 30 W.

FEATURES

TRV30B - Volume attenuator with 5 positions for 100V lines for flush mounting. 30 W transformer - Box ref 503 for flush mounting. 24 Vdc relay bypass.

CODE: PA TRV30B

Bar code: 

TECHNICAL SHEET

Type: Volume controller with 24Vdc by-pass relay

Output voltage: 100V

Dimensions (W x H x D): Rectangular, for box ref 503

Notes: Max power: 30W
