

X50CT

PRESENTATION

2-way ceiling speaker with transformer

FEATURES

The X50CT features the sleek and contemporary design of the XENIA series in a ceiling mounting speaker able to provide high-quality paging and background music. The 2-way coaxial design offers a high-fidelity sound and an accurate voice reproduction. Designed for a quick and easy installation, the X50T comes with a 70/100 V built-in line transformer and a 5-position power tap selector, for matching any system configuration.
