

## WM600H

### PLL UHF Wireless Microphone System

•863 - 865 Mhz frequency range•up to 30 meter / 100 feet range•50 Hz - 15 KHz frequency response•-105 dB signal / noise ratio•Low-profile desktop receiver with two foldable antennas•4 selectable frequency channels•Up to 4 systems usable in the same location•ABS carrying and storage case

Order code: WM600H

### TECNICAL SPECS

**Radio frequency range** 863 ~865 UHF  
**Reception Mode** PLL 4 Channel  
**RF Frequency Synthesis Method** PLL UHF SYNTHESIZED  
**Channel Spacing** 200 kHz  
**Frequency stability** 0,002%  
**Modulation** FM3  
**Distortion (THD)** 1%  
**Dynamic range** 100 dB  
**S/N Ratio** >105 dB  
**Frequency response** 50 Hz ~ 15 KHz  
**Antenna** switching Diversity  
**Receiver supply** 13~15 volt Dc 300mA  
**Receiver weight** 0.4 Kg (0.8820 lb)  
**Transmitter type** Hand Held  
**Transmitter tone code frequency** 30 kHz  
**RF Output power (ERP)** 10 mW  
**Battery autonomy** up to 6 ~ 8 hours  
**Transmitter weight** 0.12 Kg (0.26460 lb)  
**Microphone** headset  
**Transducer type** condenser  
**Polar pattern** cardioid  
**Brand** PROEL  
**Barcode** 8032496181996
