

WM202DM

UHF Dual Channel Wireless Microphone System

- 863 - 865 Mhz frequency range
- up to 30 meter / 100 feet range
- 50 Hz - 15 KHz frequency response
- 105 dB signal / noise ratio
- Low-profile desktop receiver with two foldable antennas
- Up to 2 systems usable in the same location
- ABS carrying and storage case

Order code: WM202DM

TECNICAL SPECS

Radio frequency range 863 ~ 865 Mhz UHF
RF Frequency Senthesis Method fm3
Channel Spacing 200 kHz
Frequency stability 0,002
Distortion (THD) 1%
Dynamic range 100 dB
S/N Ratio >105 dB
Frequency response 50 Hz ~ 15Khz
Transmitter type hand Held
Transmitter tone code frequency 30 kHz
RF Output power (ERP) 10 mW
Battery autonomy up to 6 ~ 8 hours
Transmitter weight 0.23 Kg (0.50715 lb)
Microphone Hand held
Transducer type Dynamic
Polar pattern cardioid
Brand PROEL
Barcode 8032496181958
